Lubrication Solutions for Equipment Over the Long-Haul

Driving a big rig is demanding work—long drive times, making many deliveries or loading and unloading cargo.

The last thing you need is unscheduled downtime.

Graco automatic lubrication solutions help keep your equipment moving. Proper lubrication is the key to longer-lasting, better performing equipment.

Real Solutions for Real People

Field-Proven Performance Designed to Save You Money

Truck, Tractor & Trailer

Solutions

Save labor hours in the maintenance shop with automatic lubrication.

Dependable equipment is a must for scheduling jobs and keeping your staff on-the-job. Automatic lubrication equipment offers affordable solutions that lubricate your equipment while it's working. Do away with manual lubrication cost, lubrication maintenance scheduling hassles and stay on the road with Graco.

Lubricate while you drive

It's like having a technician on the road

Take the hassle out of manually lubricating your chassis. Continuously lubricate it instead with a Graco automatic lube system—where and when you need it, automatically. Continuously replenish grease as it's used, preventing contaminants from damaging your chassis components.

- Protect against unexpected downtime
- Reduce capital equipment costs by extending the life of existing equipment
- Flexible design allows for installation on any vehicle type

The G3™ Pump

Versatile, powerful and affordable

The G3 can be custom configured to meet the unique needs of virtually every vehicle, big or small. A variety of built-in features brings the control you need and the power to handle NLGI #2 grease with the convenience of either 12 or 24 volt power. This pump is sure to save you maintenance time and repair expenses.

Trakon® USP–Uniblock Series Progressive

Built-in outlet check valves ensure accurate lube delivery

Trakon USP is an economical option to solving your lubrication system needs. It serves as a high quality entry point to move away from manual lubrication, and is smaller than competitive mono blocks to save valuable machine space.

We know you need top-performing equipment when you're out on the road. Proper lubrication is key to vehicle longevity and profit for your company. Graco automatic lubrication solutions help extend chassis component life and reduce unexpected maintenance costs.

Grease Jockey® Lubrication Systems cover up to 34 lubrication points:

Truck and tractor systems lubricate these parts:

- | | |
|-------------------|----------------------------|
| ● Upper King Pins | ● Spring Hangers |
| ● Lower King Pins | ● Clutch Pedal |
| ● Hood Pins | ● Clutch Cross Shafts |
| ● Spring Pins | ● Clutch Throw Out Bearing |
| ● Drag Links | ● 5th Wheel Plate |
| ● Tie Rod Ends | ● 5th Wheel Pivots |
| ● Slack Adjusters | |
| ● S-Cams | |
-
